

Healthier Together

### **CARDIOLOGY TECHNICIAN 3 – PART TIME**

As a Cardiology Technician 3 you will perform adult and pediatric electrocardiographs (ECG), setup Holter monitors and event recorders on both inpatients and outpatients. The successful candidate will register patient and exams in Meditech, complete patient exam logbook and handle patient files. The Technician will ensure patient appointments are handled in a prompt and efficient manner and maintain equipment and supply levels. Other duties may include communicating with physicians, hospital staff and others where applicable and appropriate regarding test results, and participating in QA activities related to the department or other duties as assigned.

#### **The successful applicant must have the following qualifications:**

- Successful completion of a recognized course in Cardiovascular Technology.
- A member in good standing with the Canadian Society of Cardiovascular Technology (CSCT) and/or the Ontario Society of Cardiovascular Technology (OSCT)
- 6 months clinical experience within the last 12 month period.
- Current BLS certification
- Must be able to accept direction and work with minimum supervision.
- Must be able to travel to all QHC facilities.
- 3 months clinical experience within a hospital setting within the last 12 month period is an asset.
- Previous experience with Holter monitoring, event recording and cardiac exercise stress testing is an asset.

**Interested candidates, please submit your resume by September 16<sup>th</sup>, 2011 to:**
