

BYLAW/POLICY COMMITTEE REPORT

CSCT AGM OCTOBER 24, 2015

The Bylaw committee over the last year has assisted the CSCT Board in the transition of the new Bylaws that took effect October 2014. The committee has reviewed the Bylaws to assure there were no contradictions between the Bylaws and the Policies as well as with the new Policies being developed. Any contradictions found between the two were updated by changes to Policy.

The Policy committee has worked on revamping the Policy manual and this was accepted by the Board in February. Since the February and June CSCT Board meetings the committee has been developing additional policies requested from the CSCT Board. The Policy Committee this past September has finished the work requested by the Board. Changes and suggestions for change from the committee will be reviewed by the Board at these October meetings.

As always the Bylaw/Policy committee look forward in continuing our work with the CSCT Board.

Respectfully,

Michele Reynolds RCT/RDCS

Bylaw/Policy committee Chair
