

CARDIOLOGY TECHNOLOGISTS ASSOCIATION OF B.C.

P.O. Box 2575, 349 West Georgia St., Vancouver, B.C. V6B 3W8

Greetings from BC,

Our 2019 AGM was held in beautiful Vancouver Island community of Port Alberni, hosted by a very eager group from West Coast General Hospital. The day consisted of a morning educational session followed by the AGM after lunch. Turnout for the event was very impressive given this was the most remote locale in which we've ever held our AGM. A strong contingent of Vancouver Island members attended as well as numerous mainland members who took the ferry over for the day. Shuttle service was made available to and from the ferry terminal in Nanaimo courtesy of the CTABC. Life Member Rich Payne was kind enough to display a selection of antique electrocardiographs for the membership to view. For 2020, Abbotsford Regional Hospital will be hosting and a large turnout is expected as is common for our Fraser Valley events.

Our ongoing quest for legislation continues to progress, albeit at a somewhat glacial pace. The College of Diagnostic and Therapeutic Health Professions exists in name, but getting it off the ground and running seems to be a lesser priority for the current provincial government. We're patiently awaiting entry during the second phase of admissions and are confident it will happen at some point in the next few years.

In closing, I hope everyone enjoys the CCC and joins us for our CSCT hosted dinner and education sessions. And please, take the time to experience and explore this marvelous city of Montreal.

CTABC Board of Directors (as of Oct 1, 2019)

President	Sean Freeze
Vice President	Jimmy Guo
Treasurer	Jiannan Yu
Registrar	Cheryl West
Provincial Director	Sean Freeze
Education Coordinator	Amy Gill
Communications Director	Tay Jann Mark
