

SCTA Director's Report
Toronto, Ontario October 2018

The SCTA will host our next education day and AGM on May 4th, 2019 in Saskatoon, Saskatchewan. 2019 is an election year for all the positions on our executive. Topics for the education day are TBA and this year the education portion of the day will be open to members from other professions to attend. This is the next planned education as we do not currently have any student members.

There were 8 students who successfully challenged the CSCT certification exam in April 2018. We did not have any students attempt the certification exam at the September 2018 sitting.

The SCTA policy manual was updated by the policy committee and will be reviewed by an additional committee before being finalized.

The position of SCTA secretary has now been filled by Lauren Baldwin as our previous secretary has stepped down.

Respectfully Submitted,

Andrea Gross
Saskatchewan Director
